*Power/Full Solutions*

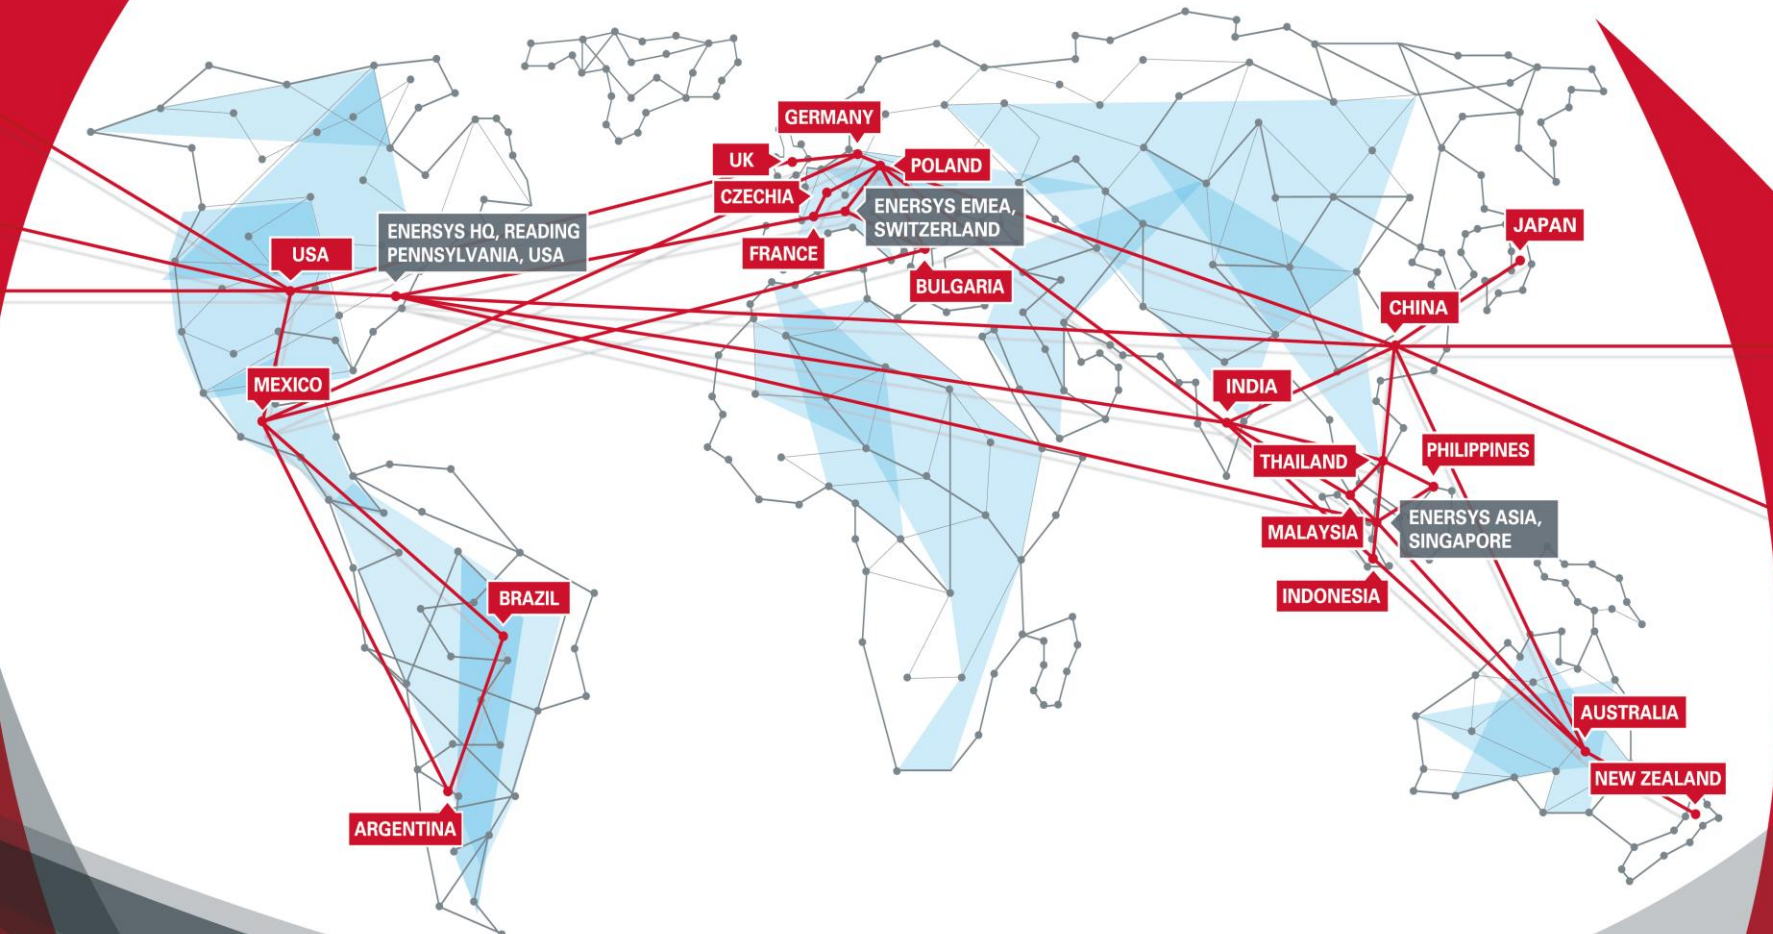

# EnerSys Energy Systems - INDIA

# **Industrial Technology Leader**

**in serving the global community with mission critical  
stored energy solutions**

- **Markets: Energy Systems, Motive Power, Specialty**
- **Sales: \$3.1 billion revenue in fiscal year 2020**
- **Customers: Over 10,000 in more than 100 countries**
- **Facilities: Global manufacturing facilities**
- **Employees: 11,000+ worldwide**
- **Sustainability: 99% recycle rate on Lead-Acid batteries**

**POWERING THE FUTURE**  
Everywhere for everyone.

**EXPERTISE IN TECHNOLOGIES, COMBINED WITH  
ADVANCED MANUFACTURING CAPABILITIES**

## Energy Systems

Energy systems focuses on the telecommunication and broadband, utility industries, renewables, and data center applications requiring stored energy solutions

## Motive Power

Motive power batteries are utilized in electric forklift trucks, mining and other commercial electric powered vehicles

## Specialty

Specialty segment provides energy storage solutions to the aerospace and defense, transportation and medical device industries
